

CONSULTING FOR ARCHITECTS, INC.

Project Placement • Permanent Placement • CAD Training

Candidate Referral Program

Help a friend. Help an acquaintance. Earn \$2,000 plus!

Candidate referrals are the cornerstone of every successful placement business. Consulting for Architects, Inc. is pleased to announce a referral program that reflects the current job market and economic times.

For Project placement:

CFA will pay up to \$2,000 for each successful project placement. The first payment, which is \$250, comes due the day the person begins a consulting position.

The second payment, which is \$750, comes due when your referral has completed 480 hours through CFA (approx. 3 months). The final payment of \$1,000, comes due after an additional 480 hours have been completed.

For Perm placement program:

CFA will pay \$500 for each successful permanent position. Since 1984, Consulting for Architects (CFA) has made more than 10,000 successful matches between design professionals and firms.

We are owned and operated by people with formal education and experience in architecture, who also happen to be experts in staffing. As a result, we know how to recruit exceptional architectural talent, and we know where to find the most desirable clients throughout New York City, Boston, and Chicago, or nationwide.
