

**“Let’s face it.
The design profession
is about choice.”**

“We choose the designs that address our clients’ needs, and please us. We choose the environment in which we live and work, and we choose the talent that reflects the way we see our world. CFA has been our principal source for staffing needs for over 10 years. Our relationship with CFA is invaluable and we will continue to use them because they know us best!”

We choose CFA to fulfill our needs - Boston’s leading choice for architectural staffing and CAD services for over 11 years.
